QUEST A

FOR EXALTATION

# QUEST

Though I am lost, I know the way,  
The road lies open before me.  
I can proceed and grow,  
The source of life and light,  
That sweet, enduring promise.

For I stand free to weave my life,  
From my heart's lovely patterns,  
I have a vague soft memory  
Of what I was yet cannot see,  
That helps me not to falter.

Often I stand alone,  
Forsake the crowds around me,  
Seek strength to live the truths I find,  
Clothe modestly my flesh and mind,  
My spirit humble and refine,  
I can be pure because I see  
The joy that waits eternally.

Each step I take will leave its mark,  
For each step leads me somewhere,  
And though the end is dim to sight,  
The steps I take if true and right,  
Will bring me exaltation.

I know I do not walk alone,  
My footsteps are protected,  
By One who cares to see my life,  
Shine forth in beauty, love, and light,  
Exalted and perfected.

Often I stand alone,  
Forsake the crowds around me,  
Seek strength to live the truths I find,  
Clothe modestly my flesh and mind,  
My spirit humble and refine.  
I can be pure because I see  
The joy that waits eternally.  
This is my quest,  
this is my quest,  
this is my quest.

## DESTINY

As the drops of rain, quiet and alone  
Fall one by one upon the thirsting earth,  
And in their gathered strength become a source  
Of seed and green and sustenance and birth.

As a faint few stars pierce the black expanse  
First one to brave the night so sure its glow,  
Transcending even deepest hidden dark,  
So do the shining souls embark.

I've been saved until this latter day,  
Sent now, for I have a work to do,  
And so I'll remember who I am,  
And even though against great evil, stand  
In joy and patience free,  
Fulfilling my destiny.

As the frail flower stark on barren plain  
Spills purple loveliness upon the sand  
Until a sea of color dips and flows,  
A warmth of heart too deep to understand.

Until the sweetest melodies of life  
Shout forth in triumph, mighty to enthrall,  
To swell each hungry heart with joy and song,  
So came the noble spirits, fair and strong.

I've been saved until this latter day,  
Sent now, for I have a work to do,  
And so I'll remember who I am,  
And even though against great evil, stand  
In joy and patience free,  
Fulfilling my destiny,  
My destiny,  
my destiny,  
my destiny.

Free Agency is God's great gift to man, and the right and responsibilities of choice are among the most important obligations of life each one of us has. Decision making is often a struggle for all of us. It is affected sometimes by our pride, sometimes by our appetites, sometimes by our stubbornness and sometimes by our ignorance.

Making decisions through ignorance is full of dangers. It has been said that to choose, one first must know. Amongst the safeguards in making decisions is being prepared and informed by gathering all the facts necessary in order to anticipate and not let ourselves suddenly come upon a decision unprepared. There are many times when one cannot anticipate what is going to happen and one is placed in a position of having to make a decision suddenly. Being prayerful, keeping one's mind alert and not dulling one's senses by any form of abuse prepares one for such occasions.

There are also many decisions made out of defiance. These are decisions made when one knows the rules, the policies, the commandments; when one knows what is right and wrong but ignores what one knows and fails to stay with one's standards. Decisions which are made contrary to one's standards are among the most heartbreaking and lead to the greatest regrets. At Church College we experience such moments far too often when a student loses his or her privilege of being at school for making decisions contrary to what he or she knows to be right.

There are also decisions we make which revolve around personal, social and emotional problems. One safeguard in helping us make the right decisions under these circumstances is to seek counsel from people in whom we can confide and trust, people such as parents, personal friends, counsellors, teachers, bishops, branch presidents and so on. We must also seek counsel from the Lord in prayer. President Wilford Woodruff once said, "Whenever you are in doubt about any duty or work which you have to perform, never proceed ... until you ... labour in prayer."

Decisions then can be made with assurance and safety when we seek to know all we can by being properly prepared, when we maintain standards which we know to be true, when we keep ourselves mentally and spiritually alert, when we seek counsel from competent people and when we seek guidance prayerfully from our Heavenly Father.

## Fencing

Robyn Marshall, an ex-student who assisted coaching the team, achieved National selection in a junior team. She was runner-up in the N.Z. Open Championships. The team toured N.Z. and Australia.

## Swimming

Dale Wells

N.Z. Age Groups: 3 gold and 2 silver medals.

Waikato Secondary Schools

Championships: 14 gold and 1 silver medals.

100 metres Australasian Butterfly Champion.

## Athletic Activities

The Church College of New Zealand enjoyed excellent representation in performance, sportsmanship and dress during 1977.

### a. Team Sports

- i. **Rugby.** Six teams were entered in the Waikato Secondary Schools competition. Despite a rebuilding year for both 1st and 2nd XVs both teams did very well. The 1st XV played 16 games and lost 4. They finished among the top 3 in the Hamilton area. Their best game was played against the undefeated Auckland school, St. Stephen's. Our team led well into the 2nd half before St. Stephen's gained the lead and held it.

The 2nd XV placed in the top three in their division. The 3rd XV took championships in theirs. The remaining grades provided valuable experience for younger players and coaches alike.

The highlight of the year for both 1st and 2nd XVs was a tour to Wellington and Hastings. They both played 3 games and won all.

- ii. **Indoor Basketball.**

**Boys.** Thirteen boys' teams in 5 grades were entered in the Hamilton Secondary Schools competition. We took championships in all 5 grades. The senior boys' varsity team had a fine year enjoying honours of N.Z. Secondary School-boys' National Championships, (mention made in December, 1977, "Ensign"). It was undefeated in all secondary school competition.

**Girls.** Five teams represented the school in the Hamilton Secondary Schools Championships. In the five Leagues we placed 1st in three, runners up in one and third in the other.

Our senior girls' varsity team had a building year and played some good games but failed to qualify for the N.Z. Secondary Schoolgirls' National Championship tournament.

- iii. **Athletics.**

Church College was responsible for managing and organizing the Waikato Secondary Schools' Athletic Association Central Zone 2 Championships for 1977. Our own school athletic team performed reasonably well with individuals attaining excellence in performance in various events. Individual performances will be listed.

## Individual Achievements

### Rugby

Four students represented Waikato in rugby -- George Tenwolde, Ken Hart, William Katene and Richard McLean.

Richard McLean represented the North Island in the under 16 years team.

Ken Hart represented the North Island in the under 18 years team.

Hemi Smiler played for East Coast under 18 years.

### Indoor Basketball

Tolu Finau and Lester Soloai played for Panmure under 20's rep team.

## FAMILY

Baby's crying -- wants her mama,  
Mama's busy, "Someone get her!"  
Where's my breakfast? Where's my school-bag?  
Mama's patient -- helps her children,  
Steers them gently through the morning,  
Homework finished? queries mama.  
Check the porridge -- something's burning!  
Where's my hair brush? Where's that shoe lace?  
Mama looks with weary eye,  
Steers her children through the muddle,  
And pretends it doesn't matter,  
Out of the door and down the pathway --  
Multitudes of happy children,  
Running for the waiting school bus.  
Mama looks, with hair disheveled  
Weet-bix showered upon her apron,  
Steers her thoughts to ones of cleaning.  
Spends her day in doing housework . . .  
Opens door -- and in rush children  
Cushions flying, mud on carpet  
Screams and shouts of jubilation  
Mama looks with unsure glances --  
Back once more to where she started!

## I LOVE THE FEELING

Peace and nature -- Jesus' artwork in his gardens.  
Jesus must have loved the void and depth of blue and green,  
I feel at one with the grass,  
Every blade of grass an example of fulfillment.  
The busy bees working as they should.  
Death of a bee in her labours -- tragic -- but fulfilled.  
I feel as free and light as the clouds!  
Clearly, I am not a cloud -- Not greater, nor less,  
But born to fulfill a different destiny,  
It has fulfilled its universal function.

Everything has its place, each in that place beautiful,  
Nature is perfect, undefiled, fulfilled.  
I have not yet reached my fulfillment, my place,  
But as I do, I feel as a part of an unfolding universal plan  
A part of which I feel —  
I love the feeling  
Of nature.

## VISIT OF A STRANGER

He came one afternoon as though out of a dream  
He smiled a soft greeting smile full of love  
I could not comprehend this because I knew him not.  
His stay was short, only a few days  
But in that time I talked with him many times  
I found to my surprise he was no stranger at all  
He was my brother.

## RAIN

I can hear your rhythm beat  
As you cut through the air,  
And land on the ground.

dd 6

I can smell your freshness  
As you give of yourself to the flowers  
And plants around.

And when you're not there,  
I feel deprived of life,  
Me -- Who am I?  
I am just a blind man  
Searching for life.

David Judd 6

Sometimes when I am all alone  
I wander through the trees  
The Sun is shining bright above  
enhancing all I see.  
At times I'll sit and wonder  
whilst I watch the ants and bees  
I wonder how things came to pass  
I think of what life really means  
The beauty added to each day  
by little things I've seen  
The contrast given to the world  
... by lighter shades of green.

I've often done some little things,  
that don't go quite as planned  
like falling over in the mud  
'who took my pea'

'It's in your hand'

like half way through the evening meal  
with a lap that's full of drink  
I find it quite hard not to turn  
... the lighter shades of pink.

My mind oft wanders off the track  
my thoughts come down a level  
It isn't wrong to just have one  
To me insists the devil  
It doesn't hurt, it can't be bad  
I hear myself to say  
The times have changed just look around  
it happens every day  
in times like this it's hard to see  
... the lighter shades of grey.

## DAWN

Mother Earth gowned in all her Celestial finery  
Welcomes the breaking of another day.  
As a child, as a woman,  
She flirts with the Sun's rays.  
The Sun finds favour in her eyes,  
As she reflects tiny prisms of sunlight  
Upon the frost tinted grass.  
With this reunion birds rejoice and  
Sing a herald of praise as Mother Earth  
And the Sun join in vows to create  
Another everlasting day.

Karyne Smith 6

## IN THE BEGINNING

There was silence, dead, unspoken silence.  
Silence that had never known life, silence  
which only knew the endless nothing of space.

In the beginning God created the heaven and the earth,  
And the earth was without form and void; and darkness  
was upon the face of the deep.

The silence began to whisper, and then  
to groan. It felt of its emptiness and  
the aching void within it.  
The intensity of its hurt became so great  
that the silence screeched until its cries  
echoed, and echoed, and echoed . . .  
The silence knew not what it pleaded for,  
but The Lord did. He had heard its plea  
for life.

And the Spirit of God moved upon  
the face of the water.

Suddenly — the silence knew of a difference.  
A stirring, gentle and calm smoothed and  
calmed its clamorous plea. Instead it felt  
expectant, waiting. Something was about to  
happen. Something so great, so wonderful that  
the silence was still, so completely still.

And God said, "Let there be light!"  
And there was light.

And so the silence began to feel fulfillment.  
The silence knew at last that this was the  
Beginning.

And it was good.

## FOOD

Jelly wobbles on my platter  
Ice-cream melts to messy matter  
Milk drips steadily down my chin  
Lick it up with long tongue thin.

Others comment on my manners  
Rid her now say social planners  
Mum's appalled with my action  
"But it's done for satisfaction!"

No more comment on the latter  
Stuff it down lick chops, get fatter.

## THE BLOBS

Up the rocket went that evening  
clear off into space it headed.  
Miles and miles and miles they travelled,  
Slowly reaching for a planet.  
As they landed on this planet,  
Objects suddenly came nearer,  
Just to see this strange weird creature  
from another world to venture.

They were green and very little  
with one eye that seemed to twinkle  
Each one moved as though t'were crippled  
First they halved and then they tripped.  
Oozing slowly to the capsule  
to devour the hapless strangers  
From the bones the flesh they shredded  
Consequences they all dreaded  
Was that they would be beheaded.

Vernice Templeton 5

Here I sit chewing the end of my pen with 20 minutes to kill -- come on, bell. The teacher rambles on and nobody's listening. Some heads are down, trying to hide sub-consciousness while others don't bother. A sweet whiff of Summer air floats through the window, just enough to give a person the feeling that she's sitting inside a stuffy classroom while a whole world is developing -- outside. Someone's stomach regurgitates lunch and for a split second the mono-toned voice stops, but only for a second, the next it continues the unfinished sentence. This voice could be coming from a cassette tape, for no one recognises it as the sound coming out of a real live mouth. A shrill sound startles the class, the second and last interruption to the mono-toned voice. It's the bell! Thank goodness. The class suddenly becomes a hive of action. Noises are heard from the once stagnant objects, then gone, like a train rushing through a deserted station.

Gwyneth Tukukino 6

The minutes began to pass like hours. Sweat dropped like rain from his brow. He folded and unfolded his arms in a useless reflex. His mind started racing round in circles. What he was about to do filled his thoughts. His family. If he got caught it would mean trouble, the family would be shamed. Would they disown him? His father had built himself from a jailbird to a respected citizen. The people of the town had put the memory of his father's crime behind them and seemed to have forgotten. If he was caught wouldn't it bring back the past? This time would it be forgotten again? Would his father have to go elsewhere and start again? What if he didn't do it? He could just drive away and no one would find him. He knew that sooner or later the gang would catch up with him and he would suffer for cutting out. He wondered how he had ever gotten into this mess. But he knew the answer well enough. The question had been asked and answered in his mind many times in the past week. Now it was time for action, not asking questions. He thought I may not get caught, if I do my family may forgive me. My father may not suffer. He looked at his watch for the last time and started the car, he knew in his heart that he was wrong on all counts.

## SCHOOL

Bag on back and pressing onwards  
To the classroom I doth go.  
Onward onward ever learning  
Thinking that my brain will blow  
Teachers waving hands so madly  
And with threatning look and gesture  
Hurt their knowledge always forcing,  
With detentions finally faulting  
So we work into the morning  
As we sit and look attentive  
Writing on the desks so skill-less  
Maybe sleep an hour or something  
Will come up to our disliking  
Finally School C comes a flying,  
Leaving all the work thats needed  
Flunking, finding homes in fragments  
Then to have the fate to face our parents.

# FIRST XV

The highlight of the First XV season was the winning of the Tricolour Trophy from Putaruru, and successfully defending it six times. The team lost narrowly against Te Awamutu and Te Aute but outscored them in tries. Against Saint Stephens the team were outscored two tries to three. This was a very hard and rugged game which we had hoped to win but many scoring chances were lost and thus the defeat.

Throughout the year the team performed consistently well. The pack was a mighty one and was never outplayed during the season. Our backs were competent at times but lacked consistency. The following students played for the Waikato Secondary Schools Representative Team Under 18:

Ken Hart	William Katene
John Robinson	George TenWolde

These students played in the Under 18 Waikato Team:

Ken Hart	William Katene
George Tenwolde	

They won the North Island Championship.

Richard McLean and Nicky Matenga were in the Waikato Secondary School Under 16 while Richard McLean represented the school in the North Island team which defeated the South. Congratulations.

Special mention should be made of Ken Hart who played an outstanding game against the touring Australian team. Ken had been selected for the Northern Region team which defeated Australia 16-0. Many consider that Ken was unlucky not to have been chosen for the schoolboys Test team which played Australia in Auckland.

Mention should also be made of George TenWolde who scored 51 tries this year. He contributed 2 against Putaruru when the trophy was won, 2 against St. Stephens, 2 for Waikato Secondary Schools, and 5 for Waikato Under 18. In full flight George was unstoppable and he scored tries from difficult positions.

The side was well captained by John Robinson who led the great trio of loose forwards which included Richard McLean and Willie who was devastating in both attack and defence.

This year the First XV was fortunate in having 3 dedicated coaches help train the students. The efforts of Brother H. Smiler, Brother L. Keung and Brother T. Tarawhiti are therefore acknowledged..

# OPEN GRADE NETBALL

The Netball team performed well during the season. An open, clean type of play was developed and most games were played in a good spirit with the girls displaying good sportsmanship. It was pleasing that umpires commented on this and often thanked the girls for an enjoyable game.

During the early stages of the season the team looked likely winners of the Waikato Netball Association Second Grade Competition. Some good wins were recorded during the period. Unfortunately three of the team suffered injuries. This factor plus the unavailability of the netball courts for practise meant the team never reached its full potential in the last month of competition.

Two girls, however, Anna Haenga and Marie McCarthy participated in the Waikato Secondary Schools trials, and Marie was chosen for the team. She represented us well in the North Island Tournament at Palmerston North. Congragulation Marie.

The team consisted of:

RANGI UTIERA	Goal Shoot and Captain
A reliable player who shot some spectacular goals.	

MARIE McCARTHY	Goal Defence
A player who showed brilliance at times. Will go a long way if she can maintain a consistent standard.	

KAREN LEE Goal Attack  
A greatly improved player, and reliable goal shooter.

LISA FLODEN Wing Attack  
A player who always did her best and maintained a consistent standard.

[illegible]

TINA BRONS Wing Defence  
Show sparkle at times, and used her height to advantage.

ANNA HAENGA	Goal Keeper
Another improved player who managed some good interceptions.	

R. L. Lee.

# C.C.N.Z. A1 BOYS

The record of the senior basketball team resembles a mountain range, 'with soaring peaks and deep depressions occurring in turn'. Perhaps the 'Everest' of our year was our placing second at the National Championships. We had hoped for a more favourable result yet we were not disappointed with our efforts, since at the beginning of the season the 'climb' to reach the final seemed a most formidable challenge indeed.

The 'depressing' eras were those occasions when nothing seemed to go well and at the beginning of the year a great many discouraging things occurred. We lost two crucial games, against Dannevirke and Auckland Grammar, in such convincing manner that future prospects for the team were most gloomy. Our position in the Local Competition, meanwhile, was equally deplorable.

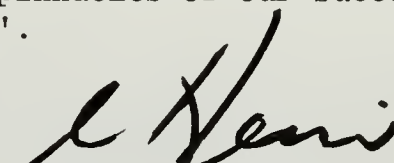

Sometime in June, with the return to action of the injured Bernie Smith, our progress took a remarkable change for the better. Together with Aaron, Rick, Chris and Robert, the mercurial Smith formed the vanguard of what has become a very great team. Three of this five were injured with sprained ankles when we played the final against St Patricks of Wellington. Truly the progress of this team was a joy to behold.

Before our departure for the Nationals we had succeeded in:

- a) Convincingly avenging our loss against Grammar.
- b) Contesting the local competition on equal footing - defeating last years champions, Melville.

We left for the Nationals highly confident of winning. That we did not is a commendation of the competition rather than a mark against us, for we placed three players in the national team - Bernie Smith, the deceptive Rick Wineera and the skyjumping 'Batman' Chris Rogers. We felt that our skipper, 'Long-bomb' Aaron Hettig should have made it also for he was top scorer of the tournament.

All things considered, a very good year, we can perhaps cite our progress and adherence to the idea of sportsmanship as pinnacles of our success. In retrospect we had many more 'Highs' than 'Lows'.

From the Coach

Perhaps the two most important factors in deciding the type of team we were to become was:

- a) Having Bro. Hemi as coach and chief instigator of verbal bashings which he cunningly referred to as compliments? and also our sheer determination instead of packing sads (aye Aaron)

To add to insult and injury both teams were played in front of the school. We latter agreed that this was exactly what we didn't need and was the turning point of our season. After unanimously deciding we were a good team both coach and players set about the task of building our mountain from what seemed to all a molehill.

The A1 Girls' started their rough basketball season off in very low spirit. The team was a completely new one and was made up of several first year players. In spite of these handicaps the overall season was a good one. Competition was strong and it took a great deal of effort to stay placed in the League, which was a grade higher than the School Girls Basketball. We played in Womens Premier Grade run by the Y.M.C.A.

Captain of the team, Penni Kingi, who performed well throughout the whole season giving the team inspiration when it was needed and scoring points when no other shot seemed to go in. Christina Hart proved to be a vital member of the team, she was the shortest girl but scored the most points throughout the season. Terry Smith another of the smaller players of the team was most noted for her control of the ball. Fellow team mate Lesley ten Wolde kept the game moving by stealing the ball when all else seemed lost, her speed was commendable. Rosanne Randell and Leonora Hart were the most flexible players in the team they played forward and guard depending on who was on the court at the time. Leonora was also a top scorer. Alverta Amaru showed her talent in rebounding. She was not the tallest member of the team but, however, caught most of the rebounds, Her aggressive style of play scared the opposition. Lee Ann Nehua was a effective centre who tried her best all season to maintain a winning jump. Bonnie Tipene was the passive member of the team that shone out near the end of the season by scoring baskets and catching some good rebounds. Joanne Hemi a late addition to the team, can be proud of her efforts. She played just the way her father would have wished her too.

Overall the season proved to be a challenge for the girls, who tried there best to attend practises and to lift the spirit of the team up. All the girls endured with the losing and were rewarded when they beat Auckland teams, recording no loss.

## CONDORS

House Chairmen advisors: Brother P.Hague and Sister M.MacDonald.  
House Representatives: Jimi Kaka and Lisa Floden.

### Swimming and Athletic Intramurals:

The Condor House started off the year with a great spirit. The advisors and kids really enjoyed working together. The co-operation of the students made it much easier for the advisors and House Leaders.

The first encounter for House Competition came when we faced each other on the running track, It was hot and tiring day for everyone. We managed to take a third placing, but we put up a good battle. Our Girls also put up a good battle in the pool, although we came fourth, I guess they enjoyed the "splash". The following week the boys were in the pool and the girls were on the track. Our girls didn't do too well, they came third, but credit is given to all those who participated. Through much effort and perserverance our boys managed to pull off the impossible and win the swimming.

### Songest:

After many hours of practising hymns and funsongs, songfest arrived. The Junior half of the Condor swarm did an excellent performance, but however came fourth by only a few points. The Melodic tone of the Senior voices set a beautiful atmosphere and they took first place. What a spectacular night that was for all the houses.

### Dancefest:

Condors were well represented in Dancefest. The performers turned on the crowd. Our Dancers performed well and professionally. Credit should be given to our instructor Sister T. Watane. Our Senior Cha Cha took the show away by taking first and second place. Tane Kaka, a member of our house represented Waikato in Disco Dancing. He did a solo performance on the night which impressed everyone. At the end of the evening Condors won over all. The first house to receive the Dance Fest Trophy 1978. This was a night to remember for the Condors.

### Scripture Chase:

In the Scripture Chase Competition, Condors again were well represented. A great effort was put into it by the members of our house. Although we were not as fast as some of the other houses, we still put on a great performance: Condors came in second place.

### Conclusion:

It has been a good year for the Condors, not only in the physical areas, but also spiritually. There has been a great spirit between the kids and advisors, and credit should be given to all those who helped this year be a successful one for the 'Condor House'.

Swimming

Held February . . . 1978. The activity was due to start at 1.30 p.m.but the punctual Lions turned up at 1.45 p.m. Phoenix was off to a flying start by winning all Butterfly Championship events. Amidst all the ear-piercing screams of the damsels the contestants swam on. The courageous Tigers purred to the end. Lions never ceased to roar, and the Condors hung in there with their high-pitched squawk. The strong swimming of Phoenix led to their overall victory, placing Lions second, Condors third and Tigers bringing up the rear.

Athletics

Dressed in full attire the houses positioned themselves on the stadium. Lions once again made their victorious entrance, late. The first event was Age Groups 400 metres. which provided along with excitement a small amount of tension. Under the burning heat of the sun the loyal girls represented their house to gain points, a true test of devotion. The field events were being run off at the same time as the running, therefore there was a lot of conflict as to which event was taking place. For sweet, soft-spoken ladies, the girls managed to let out an outburst of cheers. With the inspiration of each house, men or boys, whatever, the relays took place at lightning fast speed. Final results proved Lions' superiority, and they were the victors.

Netball

Took place at the new tennis courts on Saturday, March 18, 1978. Each house submitted a team for Junior, Intermediate, Senior, Open Grade. Condors were smartly dressed in their bright red skirts and white tee-shirts, Phoenix exhibited their purple skirts with yellow stripes and yellow shirts with purple stripes. Lions displayed a lot of imagination in their J.B.'s and white shirts. Tigers paraded their house emblem on a piece of orange material placed on their back. Each house was in uniform and looked simply exquisite. It was another hot day and the girls fought to stay out of the sun. in case of sunburn or over-suntan. There were few injuries but many exciting highlights. The final victors for each section were:

Juniors	Phoenix
Intermediates	Condors
Seniors	Phoenix
Open Grade	Condors

Congratulations to Tigers and Lions for displaying true sportsmanship.

# TUTIRA REPORT

## 1978

At precisely eight hours, thirty eight minutes, and fifty one seconds, on the twenty eighth day of the second month in the year nineteen seventy-eight A.D., We, the Elite students of the seventh form class, took three unruly brats (A. Hemi, B. Mitchell and L. Hooper) off this campus, known as Church College, into the big bad world to make a study of... , well my vocab's almost run out, but it had something to do with liddle greables in the freezing water!

Our first experiment was to see how many (excluding the three chargers) could brave the freezing waters of De Bretts Thermal Pools. Huge blocks of ice were floating on the surface. Our famous well known water polo team, better known as 'Kollege Kids' gave us an excellent performance dodging ice bergs, including a spectacular appearance from our one and only flying FISH (R.W. Dennis)

Constantly being lectured on "How Destructive Man Is", one of our party took the opportunity to test this theory (you can't always believe what teachers say, can you Styvie, unfortunately, just this once, they were right... A mammoth (alias Kim Neho) caused havoc to the surrounding countryside when she jumped into a trench instead of over it like everyone else!

Jackie, Dawn, Stella and Kim, the Heavies of Tutira (and that's literally) tried to eat everyone else out of their F for FOOD. No wonder we had to stop and check the tyre. Not forgetting Brother Hemi and his lot. They had the best cabin only because of the sneak midnight meals, aye Brother Hemi?

Every morning we would awaken to the gentle melodious voice, drifting across to the cabins. Unfortunately everyone else in the Campsite had to get up at the same time. You just don't sound too good at 5:30 am in the morning Grets.

Of course our first encounter with Tutira Lake was beautiful. I mean to say, isn't it nice the way you climb out onto a tree, hanging over the water's edge trying to catch a glimpse of your reflection and suddenly find that the limb you're sitting on decides to go for a swim, with you on it, aye Rahi?

Then, there was the time that Stivy Mella broke the only pH meter in the school and we had protected it all the way down to Napier and it breaks when they finally need it. Accidents always happen! Can't forget the love affair of Tutuira either. Came out after studying one night and who should be on the swings together, staring at the moon and counting the stars none but Sila wacky (Jackie) and Horse (alias Nigel).

And Brother Mitchell (alias Bas) didn't half tell us a few stories about the teachers, aye Sister Hooper? She was in on it too... And many a times this "black creep from the deep" swam up behind you and grabbed a leg or two, then sunk again leaving only bubbles behind. Shame on you Brother Bas....

And Woody, she like her name sake, always seemed to be looking at sticks (alias Bobby?) and studying them at great lengths. Loved Greta's sandwiches too, didn't she? Just as well her stomach didn't have eyes!

One day, Fish decided he was gonna do a 'Holly' dive and scim the water, ha-ha, what a laugh. He dived in, then the next minute this black monster with a bleeding forehead and muddy mouth appeared. Low and behold, it doesn't pay to show off, does it Randall Fish? (He's got a scar on his forehead to prove it too!)

Now Mary, our 7th form fairy was running round in her shorts, eating the shop out of house and home and always sleeping (at the back of the bus too!). Where was Amaoho? At the back with Mary and Stella the Wella... Left school shortly after returning back to College... What did you say girls?

Graham, wasn't I always running into you at the shop... always buying ice cream, cheesecakes and pies... what's wrong? Couldn't you hack Greeny's cooking? No wonder you looked so pale in all the photos... suffering from nemeatodes in your watercress?

Bernard, now he's a good guy. Took Wally off our hands on afternoon. Dragged him all the way up a huge Mountain Range to the South of Lake Tutira, just to chase the mountain goats. What was wrong with Jan and Robyn? They're a bit goaty at times! Needn't go that far...

In all, I think all twenty-two of us, big and little, had an enjoyable week off school, worked like dogs and enjoyed working for once. In fact, I think that's the hardest we've worked all year... Thanks you guys and gals...

(We recommend it to you all who haven't gone, but don't forget your surfboard...Tutira Lake is known for its good surf!)

ANONYMOUSLY  
THE SEVENTH FORM...

You'd never believe what he was  
really like, would you!

No - he just never grew out of his  
first childhood!

Sleeping on the job - as usual!

It wasn't all work ya know!

## Mission Training School

In November 1977, history was made once again in New Zealand when twelve missionaries met at C.C.N.Z. in the first missionary training school to be held outside of America.

The Missionaries present were going to Australia, New Zealand, the Philippines and Fiji.

The school was established to give missionaries called from Australia and New Zealand the experience missionaries were receiving in Salt Lake City.

Missionaries come to Temple View for a week and receive teaching on Doctrinal subjects and participate in workshops where they learn how to work with people and how to adjust to missionary life.

Personnel from C.C.N.Z. play a major role in teaching the various sessions and old students who are returned missionaries such as Brother Rober Belbin and Brother Eddie Marshall, conduct the workshops where the skills of missionary work are taught.

To date this year, there have been six mission schools held with approximately one hundred and twenty missionaries receiving the benefits of such indepth training. The response from Mission Presidents has been very positive. They have stated that one week at the training school has saved the missionary three months which is the period of time it would normally take him to reach the same level in the field.

Dr. Wihongi has stated that having the school on campus adds a beautiful spirit to C.C.N.Z. and has a good influence on the students.

Brother Kennerley, coordinator for the missionary training school said that he could not think of a better venue than C.C.N.Z. The students at C.C.N.Z. are marvellous the way they show respect to the missionaries. It is a delight to be on campus and the C.C.N.Z. personnel who take part in presentations are excellent and concientious.

Originally the school was going to be held three times a year, but after the first one it was increased to six times a year. With the call of the Prophet for more missionaries this number may even be increased.

In the words of one missionary which would be typical of many statements made "It has been the most spiritually uplifting week of my life. I can't wait to get out to the mission field."

## MUSIC

Early in the new year we received notice from Trinity College of Music, London, that one of our last years students, Rossanna Hall had been awarded an "Exhibition" - (a cash award) for gaining the highest marks in New Zealand for grade eight piano which she sat in October last year, gaining 91 marks out of a possible 100. In Practical Music Exams, held in July this year two grade two piano students gained Honour passes- Karl Gilgen with 88 and Wiremu Meha with 85.

During 1977 we were able to form a school band again after having been in recess for 15 years. This year they got off to a very good start as a result of two workshops, one on Church College and the other off campus

On the 2nd of June the band played on T.V.2's Telethon together with a choral group from the school and a vocal soloist Kathy Wells. Also featured was a Samoan Fire Dance by Eitika Tausia. The Friday before Telethon the fine arts group including the band performed at an Open House for the Kawhia Dependent Branch. This same group had the privilege of performing for President Tanner at a Devotional during his visit. A small group from the band also played at a "Media Dinner" at which members of the Media met President Tanner.

On the 27th of July members of the band along with students doing music for School Certificate and University Entrance attended a special Concert given by the Auckland Symphonia for Secondary School Students. On the 4th of August School Certificate and University Entrance Music Students attended a music workshop at Teachers College not only receiving instructions on work for School Certificate and University Entrance but also taking part in an orchestra and choir (formed from students from schools in South Auckland Education District). As a direct result, Hillcrest High School and Church College are collaborating in a joint orchestral workshop, the first being on the 15th of August with Church College being the host. Also they combined to perform in the Hamilton Public Library as part of the Hamilton Arts Festival.

Recently a small Drama Group has started on a Wednesday lunch hour under the tutorship of Sister Delores Hall.

We have been able to have performances from International Musicians in our Forums. Peter Clinch, Saxophonist, and Trevor Barnard Pianist, who were on tour from Australia; Gary Brain, Percussionist for the New Zealand Symphony Orchestra; and Jack Klatyer, an American Violinist.

Also a highlight of the Music Department has been the many beautiful musical presentations in Assemblies. Much valuable performance experience has been gained for those involved.

# **M y   D i a r y   f o r   1 9 7 8**

This is an account of those who have passed through our school and various activities that have taken place here at Church College, during the year of nineteen hundred and seventy-eight. Whether they are friends, strangers, authorities, schoolmates, or just fellowmen, we love them all as our brothers and sisters.

Dear Diary,

Today, February the eighth, we were honored to be in the presence of Brother Stan Peterson, a man of great stamina and stature. A man of great heart who sacrificed his time and life for his family. Once he was at the bottom, but now he is at the top of all his comrades.

Dear Diary

For a period of one week during February, we were happy to host an exchange student from Germany. Her name was Utah. While she was here, she experienced what life is like here on campus and gained an understanding of our religion and beliefs. Utah was in New Zealand for six months and while she was here, she endeavoured to travel around the country and meet new friends and visit various other schools of which we were included.

Dear Diary

February the 25th. Brother Walmsley passed away. (See special section).

Dear Diary,

In Easter of 1978, (March 24-27) a reunion was held by the old students association at C.C.N.Z. An estimation of one thousand people attended the various activities. Spouses of the ex-students were also welcomed.

The activities included the traditional greasy run every night over the weekend; an excellent ball which went until 2:30 a.m.: top town which was held in the gymnasium, while a swim-a-thon took place in the pool, rugby for those physically fit and able and a talent contest finishing with a beautiful testimony meeting held in the C.C.N.Z. auditorium. The old students association, wish to express their appreciation to the school for making the facilities available. The next reunion is planned for five years time.

Dear Diary,

Today, April the 25th, a memorial service was held at school for the commemoration of those who lost their lives, fighting for their country during the war.

Dear Diary,

Today, April the 29th, the annual event of Song Fest was held. This was the night when the spirit of unity, love and happiness dwelt within the hearts of all those who participated as each hymn and fun song was sung. This night was thoroughly enjoyed by all the students and the audience which packed the auditorium and gymnasium. Also, Brother Alton L. Wade was welcomed to join in the festivities. Brother Wade is a former principal of the college and an assembly was held in his presence later in the week.

Dear Diary,

The time has now come, we must all take a break from our schoolical studies as the May holidays are here. (May 4-23)

Dear Diary,

Today, May the twenty-fourth, everyone returned to school and everything was back to normal after a rest period of two weeks. Also a special visit was made by the B.Y.U. Hawaii Campus Rugby Team 1978 We were privileged enough to host them.

## **BRIGHAM YOUNG UNIVERSITY - HAWAII 1978 RUGBY SOUTH PACIFIC TOUR**

Dear Diary,

Over a period of time in early May, visits were made by Nae-Nae, Auckland Grammar, Hastings and Danniverke Sports Teams.

Dear Diary,

(June 5) Today is Queens Birthday weekend and being so fortunate we have been granted a long weekend but Diary - here's the crunch - it's "Parents Day".

Dear Diary,

Today, June the sixteenth, a special guest attended our school. That guest being Sister Ruth Funk, the Young Womans Mutual Association President. Sister Funk spoke to the Student Body and later left, leaving a beautiful message concerning all the young women of today.

Dear Diary,

On this day, July the fourth, a most welcome man visited our campus. His face being very familiar to us all as President Nathan Eldon Tanner, a member of the First Presidency of the Church. A most gracious man of great responsibility, power and authority. President Tanner was officially welcomed to the school by our own Maori Culture Group. Later, President Tanner spoke to us, leaving behind him a message from the Prophet to the young people. As the Prophet so dearly says, "The young people of today are the Leaders of tomorrow."

#### The PERSONAL INSTALATION

As President Tanner was walking up the aisle, two lovely girls were innocently admiring him. Then from the corner of his eye he happened to notice them. Being the gentleman he is, he took both of these girls by the arm and walked towards the foyer. There he spoke with them awhile. Later each young lady left absorbing this most beautiful experience, having been in the presence of such a man.

Dear Diary,

This day, the nineteenth of July here at Church College of New Zealand in the David O. MacKay building, a most spectacular string of events occurred. First on the agenda, was the official announcement of NO SCHOOL ON THE MORROW, That is our principal, Dr. B. Wihongi was granting us a mid-term break (give or take several days of its coming about). Next was featuring - for all those considering reforming, The Miracle Worker. Now last but not least, the highlight of the day, the Big Top. And boy! what a circus it was. This was the day we had all been waiting for, the reunion, a reuniting - with our long lost relatives. Featuring were some feathered friends, a monkey and Peedles.

Dear Diary,

On this day the twentieth of July 1978, here at Church College of New Zealand, the boarding students were fortunate enough to be able to wear 'jeans' on their school campus through the kindness of their ever loving Principal. Some students were fortunate enough to venture beyond the boundaries of campus and into town. Those who remained at school participated in activities such as indoor basketball, swimming, table tennis and watching movies. Featuring were "The Avengers", a "Kung Fu" film, and general documentary films which I am sure everyone stayed awake to watch, snozz - zzzzzz. Meanwhile, those who went to town were subjected to various activities such as the local greasy shop and theatres.

The main purpose of this holiday was for any of those last minute preparations that needed to be dealt with for the ball. This as usual didn't eventuate as those final fidgetty gadgets always had to be handled.

Dear Diary,

Today the twenty-first of July was a most exciting day as students were already on cloud nine and the day hadn't even started. Today was the night of the ball. This was the night when all the girls wore their expensive and elegant gowns, petticoats... just to impress (hopefully) and look pretty for their companions who were to escort them for the evening. Whereas on the other hand, tonight was the night all the boys had been looking forward to as they were the ones who had to work up enough courage just to ask their partners out. A special attempt was made by the boys and they wore their best suits, hired suits and tails etc... and that little touch of brutt. The ball was most successful and beautifully decorated. As this was a ball, naturally it didn't mean disco so the whole scheme of dancing had changed and it was all body contact style. The evening was thoroughly enjoyed by all those who attended and I'm sure they all had a "Ball of a time". This was only the beginning of Romances... Stars... Twilight...

Dear Diary,

July the twenty ninth, the annual school dance festival was held in the gymnasium. The guests of honor were Brother and Sister Rangiuia, who later presented a lovely trophy to the schools winning house. Brother and Sister Rangiuia and their family were leaving us shortly and heading towards the island of Hawaii as education called for them. This was one of the final and farewell events they attended before departing.

Dear Diary,

August the eighteenth. A most pleasant and enjoyable visit was made by the Te Aute Boys College and special guest, Mr. Howard Morrison. Today was certainly a break from the normal schoolwork as an hour of laughter filled the auditorium as the studentbody and visitors were hilariously being entertained by none other than Howard Morrison. Even the Reverened had a good laugh. What a sense of humour! After Howard Morrison's purpose had been achieved which was "Promoting Education to the Maori People", the Te Aute Boys performed as a Maori Culture Concert Group for the remaining time available.

Dear Diary,

August the seventeenth. Well Diary, another term has gone and so many things have happened. Time has gone by so fast, unnoticed by the conservators. As of 3:05 today, school holidays are here once again. This time it will be no scholastical break but a chance for students to do a little extra study as Practice Examinations are in full swing as of the second week back at school August holidays are from the seventeenth to the fifth of September.

Dear Diary,

August the seventeenth. The loss of Sister Smith. (See special section).

Dear Diary,

September the fifth, an opening of another school term. Back to the old grindstone.... From the fifth to the tenth of September all students were doing the last and final necessary preparations of study, swotting and gathering together examination papers.

Dear Diary,

September the eleventh to the fifteenth. The school has been silence as the Practice Examinations are now in progress.

Dear Diary,

September the fifteenth to the twenty-ninth. The frantic movement of marking all examination papers and the intensive moments of receiving results...did I pass? (sigh)

Dear Diary,

From the twenty fifth of September to the twenty ninth, we were happy to host an exchange student from the States over this period of time. Her name, Nancy Warf. In Monday morning assembly she introduced herself and bore a strong testimony of the truthfulness of the gospel. While she was here, she learnt several things from us, how we live and get on with one another etc. While Nancy was here on campus, I'm sure everyone made her welcome and made her feel at home. She enjoyed herself thoroughly the whole time.

Dear Diary,

September the twenty-seventh and the Interhouse Scripture Chase Competition was held. Tigers and Pheonix came first equal. Condors took second place, while Lions took the rear.

Dear Diary,

Today the second of October we were most happy to welcome full heartidly the return of Brother Prows into our midst as a Seminary teacher. Brother Prows returned home to the States last year, but we were glad to see him 'come home'.

Dear Diary,

Today, the fourth of October, Mr Brain, a percussionist for the New Zealand Symphony Orchestra, came to entertain us at a forum. He told us many wild and wonderful tales about the instruments he had with him, and gave us terrific demonstrations, especially on the drums. It was a forum tremendously enjoyed by all.

Dear Diary,

Before the close of the year there are a number of events still to take place being; October the 21st-23rd-Labour Weekend; October the 27th- Sports Banquet; November the 8th- Awards and Prize-giving; November the 10th-Graduation; November the 20th to 20th - Government Examinations; December- End of the school year 1978, and the start of worries and wishful thinking towards next year for final results.

Within the last 12 months, many things have been renewed, replaced, or even remodelled within our school campus grounds. Such things are:

REROOFING of the administration block, school blocks and dormitories. Over a period of 4 months, the approximate cost of \$350,000.

CARPETING of the David O'MacKay Auditorium, the administration block, the library and dormitory lounges. It took over three weeks with the approximate cost being \$50,000.

REFURNISHING of the seats in the David O'MacKay Auditorium. The time taken to do this was 6 weeks and its approximate cost was \$40,000

PAINTING of all school buildings. This was done through the summer months.

MAINTAINENCE The upkeep of our school campus. Approximately \$100,000 was spent covering one whole year.

GARDENS are turned over regularly with new creations of garden ornaments and assortments of all designs.

DOORS are being replaced with modern easy-to-stay-open doors after 20 years service.

The total cost of these expenses round to a large sum of \$500,000 (half a million). Above this, refurnishing for buildings have been purchased plus the access and machines such as the Drink and Yoghurt, and an additional building to the English Block. Students here at C.C.N.Z. are advised to take care of the beautiful facilities and surroundings which they live in as they may never see this anywhere else in their country.

Let us make our college and grounds THE BEAUTY SPOT of New Zealand, by keeping litter and trash off floors, lawns and footpaths.

Walter Thomas Walmsley

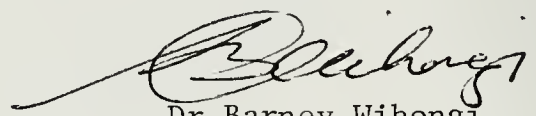

16 March 1916 -  
25 February 1978

"While we are mourning the loss of our friend, others are rejoicing to meet him behind the veil".

Shortly after Bro. Walmsley joined the church in 1958 he wrote a letter to Pres. Ariel S. Ballif, who was then Mission President for New Zealand, enquiring about the possibilities of teaching at Church College. In his letter he said, "I enjoy teaching here (Australia) and think how wonderful it would be teaching in a Latter-day Saint college. Happiness has been ours since joining the church ..." Bro. Walmsley came to Church College in January of 1959 and has served faithfully as a member of the faculty up until the day of his death. His dedication to the school, loyalty to the church and excellence in the classroom have literally affected for the better the lives of hundreds of students who have known him while attending his classes. Bro. Walmsley has left behind a legacy which all of us can be proud to follow.

"The spirits of the just are exalted to a greater and more glorious work; hence they are blessed in their departure to the world of spirits".

Joseph Smith.

Alice Louisa Smith

20 December 1918 -  
18 August 1978

"We cling to our mother earth and dislike to have any of her children leave us ... It is true it is grievous to part with our friends. We are creatures of passion, of sympathy, of love ... Should we not rejoice at departure of those whose lives have been devoted to doing good ... ?"

Brigham Young.

Sister Alice Smith has been a friend, a mother, a sister and a counsellor, to literally hundreds of students since she was first employed at Church College as a cook in 1958. In discussing her eventual retirement at Church College with her son, it was suggested that she would, no doubt, be expected to speak at a devotional. She replied, "I will just quietly slip away and no-one would notice that I am gone". She was taken unexpectedly from us in an automobile accident but she has not gone unnoticed. She is deeply missed by the school, the community and her many friends. Her commitment to the church and school was total and her loyalty unquestionable. For those who knew her she personified all that was good and virtuous about the college.

" ... the spirits of those who are righteous are received into a state of happiness which is called Paradise, a state of rest, a state of peace, where they shall rest from all their troubles and from all care and sorrow".
